Quiet Riot offers an anthropological critique of teaching and learning in two U.S. high schools over a twenty-seven year period based on the author's experiences shadowing two average students in 1983 and 2009. It presents detailed observations that powerfully capture the reality of student experiences in school despite many changes in schools over this near thirty-year period. Observations show a remarkable continuity in what goes on in classrooms. This is because the culture of teaching and learning in classrooms has remained relatively unchanged while teachers are sincere; they also undermine their own efforts in a variety of ways. Students are disengaged not because they do not care but because the instruction they receive systematically prevents them from engaging at a deep intellectual level with subject matter. Observations in high schools are supplemented with elementary school observations that demonstrate the early trajectories of disengagement that capture many students. The book illustrates the powerful patterning of the culture of teaching and learning in schooling that undermines the true goals of an authentic education.

This outstanding Blue Mountain Arts collection pays tribute to the art of teaching and the meaning of education. In spite of or perhaps because of the millions of people actively involved in the profession of teaching and the centuries-old history of it, perhaps no other profession is constantly seeking to be more effective. Since the end product of teaching are students which represent tomorrow's society, the importance of what goes in and what comes out cannot be overemphasized. This book presents the fundamentals of teaching and their connection to learning in a clear language. The object of the model is the encouragement of active student participation.

Each of us has the opportunity to teach in some facet of our lives. Whether we teach in a school, on a field, or in the home, the thrill of teaching is a long overdue tribute to the joys, challenges, and rewards of giving to others the most precious thing we possess ourselves. Join best-selling author Dan Clark on a journey through the thrills of teaching and the joys of learning. Clark uses hilarious anecdotes, personal experiences, and inspirational stories to applaud the teachers who shape our lives both in school and out. The thrill of teaching reminds us that wise teachers do not invite you into their minds and the houses of their wisdom but rather lead you to the threshold of your own.

Teachers are like flowers; they spread their beauty throughout the world. Deanna Beisser: Education is not a preparation for life; education is life itself.
