why do we compare nations how do we compare nations what are the big issues in comparative politics issues and methods in comparative politics provides students with the answers to these fundamental questions it is an accessible and user friendly text which explores the strategies of comparative research in political science this book has been designed to make a complex subject easy and accessible to students features of this textbook include briefing boxes located throughout which explain key concepts and ideas suggestions for further reading at the end of each chapter a glossary of terms

the adam smith review provides a unique forum for interdisciplinary debate on all aspects of adam smith s works his place in history and the significance of his writings for the modern world

this updated edition develops the themes contained in the first edition taking into account the

changes that have occurred in the global economy since the turn of the millennium

the book brings together economic systems and development economics offering theoretical foundations and empirical evidence it examines competition technology governance public goods income transfers transition performance convergence and displacement in a range of countries worldwide

now in its ninth edition economics and the environment offers an accessible approach to the latest debates concerns standards and legislation related to contemporary environmental issues featuring new and updated content throughout this student friendly textbook organizes its discussion around four specific questions how much pollution is too much is the government up to the job how can we do better how can we resolve global issues to provide an inclusive and highly engaging examination of environmental economics following a unique four question format the text provides an integrated pedagogy that is simpler and more useful than a topics approach to the subject students are encouraged to discuss the government's role in environmental policy the benefits and costs of environmental protection methods for promoting clean technology and sustainability global pollution and resource issues environmental justice and ethics and more throughout the text illustrative examples and real world case studies are complemented by end of chapter problems and exercises that both strengthen student comprehension and increase retention

george berkeley was considered the most engaging and useful man in ireland in the eighteenth century this hyperbolic statement refers both to berkeley's life and thought in fact he always considered himself a pioneer called to think and do new things he was an empiricist well versed in the sciences an amateur of the mechanical arts as well as a metaphysician he was the author of many completely different discoveries as well as a very active christian a zealous bishop and the apostle of the bermuda project the essays collected in this volume written by some leading scholars aim to reconstruct the complexity of berkeley's figure without selecting major works nor searching for coherence at any cost they will focus on different aspects of berkeley's thought showing their intersections they will explore the important contributions he gave to various scientific disciplines as well as to the eighteenth century philosophical and theological debate they will highlight the wide influence that his presently most neglected or puzzling books had at the time they will refuse any anachronistical trial of berkeley's thought judged from a contemporary point of view

economist alistair young urges christians to support strong governmental and intergovernmental action to improve existing global economic systems and provide adequate environmental protection the book argues that environmental policy raises important ethical and theological issues around uncertainty inequality the rights of traditional communities and the obligation to respect nonhuman creation while theologians have not always shown awareness of the likely economic consequences of their own proposals a key aim of this book is to develop sound ethical foundations for environmental policy while providing concrete perspective on economic realities

an enlightenment tory in victorian scotland is a political and intellectual biography of sir archibald alison 1792 1867 historian social critic criminal lawyer and sheriff of lanarkshire the first author to examine the full range of alison s writings and activities michael michie reveals a significant link between the scottish enlightenment and victorian conservatism michie argues that alison s conservative ideas were deeply influenced by the social and political thought of the scottish enlightenment he contends that alison was the embodiment of the high tory appropriation of the legacy of adam smith particularly evident in the belief that commercial agrarian capitalist society was the most appropriate form for both the maintenance of order and the practice of virtue developing the suggestion that a conservative interpretation of the enlightened legacy was possible for the succeeding century michie s study offers a useful corrective to the received wisdom that victorian liberalism was the true heir of the scottish enlightenment
